

Solutions for Improved Recording of Plant Data

Loy Instrument is proud to announce a special promotion on all DR Paperless Circular Chart Recorders available until December 14, 2018. Receive a **24% discount** off list price on all models of the Honeywell DR Paperless Recorder. The DR Graphic Recorder provides for easy upgrade of older paper circular chart recorders in your plant.

PROBLEM

- Inaccurate paper recording from pen arm mechanics and dry ink pens
- Lack of Storage for paper records and slow retrieval of data
- Poor visualization of process data
- Slow response time to process alarms causing out of spec reporting to governing bodies.

SOLUTION

- ✓ Electronic data recording for accurate and precise data
- ✓ Fast data retrieval from electronic data using date and time search tool
- ✓ Dynamic screens and reports to interpret process data accurately
- ✓ Remote viewing of process and email alarm system to quickly assess problems and respond to alarms through Web Page Access
